This scholarship is dedicated to our Comrades who so selflessly offered their lives in the name of Freedom for the oppressed of the world. They gave all they had in them when the call came to serve the United States of America in the fight against Communist aggression toward South Korea in 1950-1953. Many young Americans died, and many still suffer from the effects of their duty there. In their honor we offer this financial aid in the hope that it will help some student to become an effective leader in our nation's on-going efforts to make all nations as free as we are.

SELECTION CRITERIA:

The recipient should have maintained acceptable grades as deemed by the administration. He or she should have shown respect for those involved in school, adults and peers alike. He or she should show serious intention to attain further education. As a guarantee of this, we wish to withhold the actual moneys involved until the recipient's second semester of his or her freshman year in college. (An awards date will be scheduled between Christmas and New Years.) At this time, the recipient must present proof that they have completed the first semester of college, show that they have enrolled in the second semester and must be present in person. Of course, he or she will be named a winner at the usual time of scholarship awards presentation in their senior year of High School so they might include this \$500.00 scholarship in their financial planning.
